MOROCCAN VILLAGE

Presented by the *Maison de l'Artisan, Kingdom of Morocco*

October 23–November 7

Morocco has long been known as one of the most exotic locations in the world. Developed just for WorldFest, the Moroccan Village transports visitors to the land made famous in the classic movie *Casablanca*. Watch craftsmen create handmade objects; enjoy the melodious sounds of the Moroccan Orchestra or storytelling from the Gnawa street performers; savor a variety of delicacies like Basteela (chicken pie) and Merguez sandwiches (spicy meat sausage); experience an authentic Moroccan wedding and more.

Moroccan Marketplace Explore a variety of authentic, handcrafted products including metal work, ethnic furniture, brassware, lilted glass, leather goods, beautiful clothing and so much more on display in the Moroccan Marketplace. Each object is inspired from the old traditions of the Moroccan way of life and displays the sincere passion of its craftsmen. Discover Oil of Argan and learn about the nutritional and cosmetic values from Timitar Ouargane. Play a game of chess on a wooden board carved by Mostafa Dennouch.

Exhibit debuts at WorldFest but remains through November 7 at Village on the Parkway.

Moroccan Wedding Be a guest at a traditional Moroccan wedding and witness an event linked to ancient traditions and ancestral customs.

Gnawa Group Listen to the ancient sounds of the traditional Gnawa music by OULED Bombardier. Gnawa was introduced to Morocco by African slaves brought to work in the fields during the 17th century. Unique instruments create the original sound and experience of Gnawa such as the large, heavy iron castanets known as qraqab (or krakebs) and a three-string lute called a hajhuj (or gimbril).

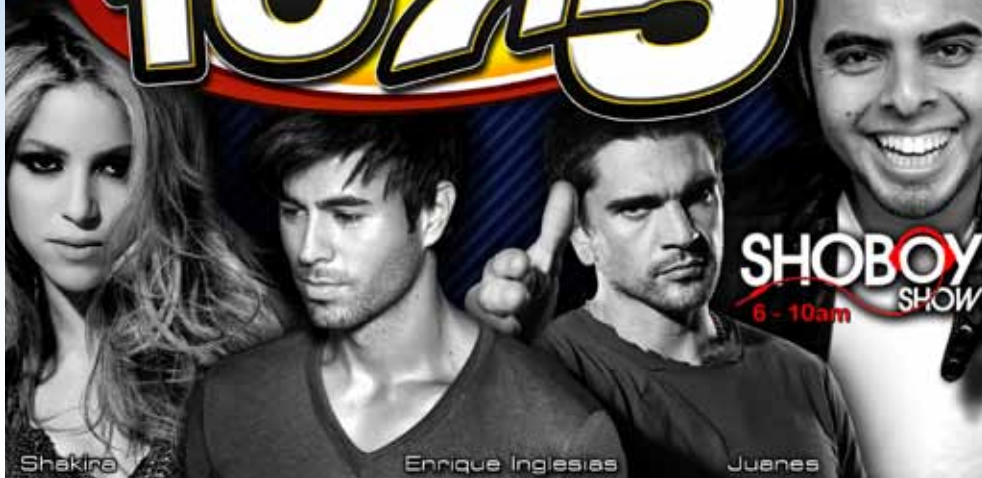

Moroccan Orchestra "The Orchestra Moroccan Fattah" performs internationally to educate and create appreciation for ancient Andalusian music. Several instruments including oud (lute), rabab (rebec), darbouka (goblet drums), taarija (tambourine), qanún (zither) and kamancheh are featured in the Orchestra.
